

Dear students,

accordingly with the new situation, and with the agreement of the Faculty and of the Didactic and Labs Commissions of the Teaching Council:

- all courses are started - or will start soon - on line, with different modalities accordingly to the different programs of the courses. Please feel free to contact all teachers via the Ariel websites or via the emails service. All informations will be given via Ariel sites of the courses and/or via email: please check the Ariel sites and your official email often. All professors will guarantee the possibility to contact them (on line, of course) for questions and such

- lab activities are suspended at the moment: they will be re-scheduled or reorganized when we will know if and when we will resume our normal activities. Please check the Ariel websites of the courses: maybe some of the lab lessons will start on line

- as for exams, we are waiting for instructions in order to be able to do them on line. You will be informed as soon as possible

- all thesis activities are suspended - sorry for that, stay home!

Thanks to you all and keep in touch

Laura Raimondi
